

**YEAR 10 in 2022**
**SUBJECT SELECTION OUTLINE**

In Year 10, students are required to undertake compulsory subjects. In addition, a range of elective subjects are available to introduce students to the concepts, ideas, skills and knowledge that they will encounter in their VCE or VCAL pathway.

The Year 10 Course Outline is set out below. Students are asked to carefully read the subject descriptions in the Year 10 Handbook and to consult widely with family, teachers and Key Learning Area Coordinators when considering options for 2022:

The Year 10 Handbook can be viewed online at: <http://web.elthamhs.vic.edu.au/internet.htm>

Key Learning Area	Study Requirement	Electives I am considering
English	This is a full year subject for all students.	
Mathematics	This is a full year subject for all students. Students choose between three different Mathematics pathways. <b>A letter of recommendation will be forwarded to students, advising of highest level of Mathematics suggested for the student.</b>	
Humanities	All students must undertake Humanities for one semester which comprises key units in history, geography and economics. In addition, students can choose from a range of other Humanities electives.	
Languages	This is a full year subject for students. Students are strongly encouraged to continue their study of either Indonesian or French into Year 10. Language is a full year elective and participating students must continue LOTE in semester 2.	
Science	Students must undertake one semester of Science. A range of additional Science electives can be selected.	
Arts	Students must undertake at least one semester long Arts elective. A range of additional Arts electives can be selected.	
Technology	Students must undertake at least one semester long Technology elective. A range of additional Technology electives can be selected.	
Health and Physical Education	All students must undertake the semester long core Health and Physical Education subject. A range of additional Health and Physical Education electives can be selected.	
Enhancement	Students have the opportunity to undertake enhancement units at Year 10 by accessing VCE Units 1 and 2 and/or VET studies. You will need to complete an Enhancement Application Form.  If you are applying for an enhancement please consult with your teachers, your coordinator and Mr Pringle in the Careers/Pathways Office.	
Tutorial	All students participate in a Tutorial group.
