2022 Year 12 High Achievers

SHELBY CARTLEDGE

Eltham High School really helped me find my path in what was a successful last 2 years, because the VCAL teachers always believed in me even when I wanted to quit or thought it was too hard. If it wasn't for my teachers pushing me I wouldn't have found a business traineeship during Year 12 or have the confidence to go for the job I am doing now

ROWAN FYFFE

More than anyone else, my high school teachers helped me find my path by encouraging me to pursue my interests and curiosity and always giving me incredible opportunities to learn in these fields, such as the Swinburne STEM Program and Interschool Maths Games Day. Their support and guidance has made me sure I'm choosing the right course.

BREANNA HOGAN

Eltham High School provided me with a place to choose what interested me during my VCE years. Through the relationships with my teachers who mentored and supported me, I was able to continue to commit myself to school and also maintain a social life which was emphasised as important. I knew law interested me and my teachers allowed me to follow that passion by giving me the freedom to conduct myself in a way that best suited me.

JULES BROEREN

The dedication of my teachers to always assist me in reaching my full potential has allowed me to discover what path I want to go down. Their persistence, patience, and passion have been crucial in enabling me to find what I wanted to pursue. I found that I was able to talk with my teachers as though they were friends, and they were always willing to engage with me and support me through a challenging year.

Bachelor of Environmental Science/Bachelor of Engineering (Environmental Engineering) (Honours)

TEYANAH BROWN

Eltham High School supported me by allowing me to explore a range of different subjects via a wide range of electives and clubs so that I could find what I was truly passionate about within and beyond the curriculum. The support I received from teachers who shared those passions for their subjects instilled confidence in me, helped me grow as a student and encouraged me to continue to seek knowledge.

Eltham Primary School

LaTrobe University
Bachelor of Biological Sciences (Aspire Program)

FIEKE VAN DER KAMP

Eltham High School has provided many opportunities that allowed me to explore my interests. EHS has shown me that if you care about something, you just have to take initiative. My peers and teachers have always been willing to help. I admire the passion and care my teachers have shown since Year 7. Their dedication to teaching and the time they dedicate to each student has made me realise the importance of education, openness, and empathy in moving our world forward. I am excited to change the world because I believe that together, we can.

AMY AGAR

The incredible support and advice I received from my teachers across the years has aided me in choosing the subjects and possible career paths that I would enjoy. The close relationships I had built with my Year 12 teachers has further supported me in finding my path, as they were able to guide me in finding the styles of learning and topics that I enjoy most.

Rosanna Primary School

-

MILO WADE

Eltham High School provided me with unique opportunities to express myself, encouraging my artistic endeavours as a high achiever. Through leadership positions, inspiring teachers and extra curricular activities, I discovered my passion for making positive change with design. In my final year, I had the opportunity to design and paint a mural at school that celebrates the diversity of LGBTQIA+ young people - an experience I will never forget and that I believe was made possible by the supportive learning environment.

JOSH HARRIS

Eltham High School sparked my passion in music. The music program is truly sensational, being both a fun and supportive environment to make friends, but also promoting personal achievement. When I picked up my clarinet for the first time in year 7, I never thought I would make it into one of the most esteemed music institutions in the country, and I don't think I could have without the support and dedication of my music teachers.

Sherbourne Primary School

MARK CROSBEE

Eltham High helped me find my path to Engineering and Elite Sport by allowing me to be flexible with my time at school so that I could pursue Canoe Slalom overseas, resulting in my win at the Junior World Championships. This flexibility allowed me to continue with the subjects I desired, eventually leading to my path in Engineering and further Elite Sport.

JUDE REVILL

Eltham High School provided me with a great environment to learn how to push myself past what I thought I was capable of. My teachers this year were especially helpful and I am grateful for the time and effort they put into my dreams this year. The relationships I have built here are those I cherish most. Due to my study of Science and Maths, and spurred on by enthusiastic teachers, I have found Engineering - what I believe to be a perfect combination of those two subject areas which I trust will keep me enamoured with Maths and Science and curious to learn more. I can't wait to discover what the future holds and I owe that enthusiasm in no small part to Eltham High School.

Willowmavin Primary School

BEN LEAHY

Throughout the year, although my teachers pushed me to do my best, there was no pressure to achieve a high score for their, or the school's, benefit. This allowed me to study for enjoyment and growth. It is because of this outlook that I now know that despite how much I look forward to the holidays or dread assignments, I always want to be in an occupation where I am continually learning and expanding my thinking. Additionally, being surrounded by people with varying future pathways gave me the opportunity to consider whether I would enjoy each pathway, helping me consider what I look for in a career. This helped me pick computer science as a starting point.

Values Respect

Individuality

Maintain positive relationships

- We are all individuals and know that allowing others to express their individuality is important.
- We understand that while we may have different views and opinions, it is important that they are presented in a respectful way.

Focus on learning

- We set goals for our learning.
- We recognise that not everyone learns in the same way or at the same rate.
- We know that getting feedback on our work helps us to improve our learning.

Social & Environmental Responsibility

Maintain positive relationships

- We take responsibility for our own actions.
- We care for our environment so that the best learning community exists for us all.

Focus on learning

- We make sure we are prepared to learn.
- We take responsibility for our own learning.

Integrity

Maintain positive relationships

- We work together to create a positive learning community.
- We make decisions based on our values.
- We stand up for the rights of all.

Focus on learning

- We are respectful of the knowledge and ideas of others.
- We have the confidence to try new things with our learning.

Respect for Diversity

Maintain positive relationships

- We value being part of a diverse school community.
- We show respect to others in our words and in our actions.

Focus on learning

- We understand that being open-minded allows us to strengthen our own perspectives.
- We recognise that everyone learns in their own way.

Creativity

Maintain positive relationships

- We are open to new ideas and possibilities.
- We recognise that creativity is more likely when relationships are positive.

Focus on learning

- We know that creativity is a fundamental part of our learning.
- We use a range of tools and processes to help us to think creatively.
- We are open minded to a problem having more than one solution.

Pursuit of Excellence

Maintain positive relationships

- We can all learn from one another.
- We have high expectations of ourselves and others.
- We are mindful of everybody's right to learn.

Focus on learning

- We demonstrate effort and persistence in all of our work.
- We recognise that doing our best takes time and effort, both in and outside of class.
